## DETAILED ACTION

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1,

Line 2, "hanging" should be –hanging ring–,

Lines 7-8, it cannot be understood structurally what "lateral sides of the enhancing edge and the extending piece" is referring to. Further, it is not clear what "punched from the lateral sides" is meant. Does it mean the frame is eliminated from the sides or the frame is formed from the sides?

Line 9, it is not understood what "the plane locking ring" is referring to and how it is related to "a non-plane locking ring".

In claim 2,

Lines 2 and 3, "upper lateral side" and "lower lateral side" are indefinite since the orientation of the ring piece is not clearly given. It is not clear what reference is used to defined "upper lateral" or "lower lateral".

***Allowable Subject Matter***

3. Claims 1-3 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
